

months of Kentucky Kynect, the State exchange created by the law, we enrolled nearly 415,000 Kentuckians in new health coverage.

That is one in 10 Kentuckians and nearly half our previously uninsured population; but rather than help inform his constituents of life-saving options now available to them, Senator MITCH MCCONNELL has spent the past 4 years working to repeal that coverage while misleading Kentuckians about the law.

Now, he is suggesting Kynect's overwhelming success can remain, even if he succeeds in repealing the law that created it. That couldn't be more disconnected from the truth.

If the Affordable Care Act is repealed, more than 300,000 Kentuckians covered through the law's expansion of Medicaid would lose their coverage. Insurers would no longer be required to cover preexisting conditions, and private plans through Kynect would become unaffordable for most Kentucky families.

Mr. Speaker, health reform has been so successful in Kentucky that MITCH MCCONNELL now says we should keep Kynect, but his claim that we can keep Kynect and still repeal the Affordable Care Act is as absurd as it is disingenuous, and our constituents deserve to know that.

IMPROVING VA MEDICAL CENTERS

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, President Obama announced his plans to withdraw our troops from Afghanistan. As we prepare to welcome these men and women home, we must ensure that the VA medical centers are well-equipped to meet the needs of these returning heroes, in addition to those who are currently receiving care.

Like all of my colleagues here, I am outraged by the deaths and medical errors at VA medical centers around the country, including those in Memphis. As soon as the VA inspector general issued a report about preventable deaths at the Memphis VA, I wrote Secretary Shinseki expressing my concerns about the Memphis facility. I invited him to visit the center to assess what resources it needs to improve care for the nearly 200,000 veterans served by that facility.

I have been in close communication with the director at the Memphis medical center to discuss quality of care improvements for our veterans. I am committed to making sure that our VA medical centers have the resources that they need to deliver quality care to our Nation's veterans.

This is a serious matter, and it will become more critical as more heroes return home. I look forward to working with my colleagues on this issue.

NORTH KOREA SANCTIONS ACT

(Mr. CONNOLLY asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. CONNOLLY. Mr. Speaker, I rise today to commend the House Foreign Affairs Committee for adopting the North Korea Sanctions Act of 2014. I am proud to be an original cosponsor of that legislation and was very pleased the committee unanimously adopted an amendment of mine to strengthen the legislation even further.

This is an Orwellian regime. In fact, it is so much so that I think it would make George Orwell blush that he had not the imagination for the kind of suppression, oppression, and degradation that occurs in the North Korean regime today.

Mr. Speaker, 200,000 North Koreans are in gulags throughout the country—freedom of expression, freedom of religion, and freedom of political practice all repressed; and the terrible, terrible suffering, preventing the reunification of Korean families even to visit, the complete lack of humanitarian regard by this brutal regime is something we Americans cannot ignore, and we here in Congress have an obligation to address.

I commend the House Foreign Affairs Committee today for adopting unanimously this important piece of legislation and eagerly look forward to supporting it when it comes here to the floor.
